

## REMARKS

The above changes are needed for proper disclosure and protection of the invention in compliance with 35 USC 119(e) and 120.

While the changes above are needed to comply with 35 USC 119(e) and 120, attention to the foreign priority claims under 35 USC 119 (a-d) in the Declaration for the application should not be lost. Foreign priority under 35 USC 119 (a-d) is claimed from PCT/IL97/00010 and IL 116699.

The above changes require no substantial amount of additional work on the part of the PTO because the PTO has two independent initial data captures for the same at filing and at issue. Only the applicant's corresponding compliance with 35 USC 119(e) and 120 is now involved.

Respectfully submitted,
